Call for Papers

Dear Colleagues/ Professors/ Students,

International Academic Conferences promote international dissemination of knowledge and development of cross-national academic fraternity. The participants come from different backgrounds and countries. They share their researches, experiences and informally create long-lasting bonds.

It has been commonly observed that people lack the motivation and confidence of taking part in international events, basically due to self-made or cultural inhibitions.

We recognize this factor, and we make sure to support and motivate first timers and also seasoned academicians by:

• Generating your academic and professional relationships
• Boosting your morale and confidence of presenting your research in an international platform
• Clearing your inhibitions of adjusting to the foreign environment
• Providing a holistic experience of academic tourism

The participation in the international conference may be under following categories:

Original Research Articles/ Published Articles/ Research Poster/ Dissertation/ PhD Synopsis/ Research Abstract/ Listener/ Co-author/ Absentia/ Abstract/ Paper/ Synopsis Submission

Prospective authors are invited to submit Full Papers/ Abstract of Original Research work or, Synopsis of PhD/Dissertation, Published work, View-points or Way Forward/ Poster by filling the online application form.
Conference Themes

• Deeper understanding of arts, culture, language, religion, commerce, governance and society
• Solutions for challenges in academics and practice
• Ideas for cleaner, healthier and sustainable society and environment
• Changes and evolution in mass media, digital media, journalism and entertainment
• Studies on forest and river conservation, rural development and good governance
• Tourism, cultural exchange, hospitality and catering technology
• Physical education, sports promotion and recreational activities
• Solutions to social evils and problems caused by media, technology and consumerism
• Work-life balance and addressing issues caused by changing life-styles
• New analysis of history, influential personalities and civilizations
• Studies on developmental economics and livelihood generation
• ICT applications for education, research, counseling and commercial activities
• Understanding of human psychology, relationships and changing beliefs and value systems
• Analysis of human rights issues, gender studies, rehabilitation and social development challenges
• Research and ideas for teaching, education and learning problems
• Advanced conceptual knowledge, protocols and best practices
• World peace, defense studies, national security and stable international sociopolitical relationships
• Research and analysis on judiciary and legal system, constitution and democracy
• Ideas, concepts, analysis, strategies and evaluation of organizational management, business practices, economic policies, monetary system, accounting and taxation, finance and laws
• Entrepreneurship and MSMEs
• Online platforms for business, networking, governance, health, security and social development
• Administrative and political reforms
• International business and communication, treaties and trade reforms
• Studies on Languages and Literature
